

Journal of Earth System Science

Vol. 117 (2008)

CONTENTS

Number 1

| | |
|--|----|
| Low-Ti melts from the southeastern Siberian Traps Large Igneous Province: Evidence for a water-rich mantle source? <i>Alexei V Ivanov, Elena I Demonterova, Sergei V Rasskazov and Tatyana A Yasnygina . . .</i> | 1 |
| The initiation and linkage of surface fractures above a buried strike-slip fault: An experimental approach <i>N Ghosh and A Chattopadhyay</i> | 23 |
| Application of GPR in the study of shallow subsurface sedimentary architecture of Modwa spit, Gulf of Kachchh <i>S B Shukla, A K Patidar and Nilesh Bhatt</i> | 33 |
| Occurrence of volcanic ash in the Quaternary alluvial deposits, lower Narmada basin, western India <i>Rachna Raj</i> | 41 |
| Identification of major sources controlling groundwater chemistry from a hard rock terrain – A case study from Mettur taluk, Salem district, Tamil Nadu, India <i>K Srinivasamoorthy, S Chidambaram, M V Prasanna, M Vasanthavihar, John Peter and P Anandhan</i> | 49 |
| Evaluation of karstic aquifers contribution to streams by the statistical analysis of recession curves <i>A Cem Koc</i> | 59 |
| Implications of Kali–Hindon inter-stream aquifer water balance for groundwater management in western Uttar Pradesh <i>Rashid Umar, M Muqtada A Khan, Izrar Ahmed and Shakeel Ahmed</i> | 69 |
| Low level of stratospheric ozone near the Jharia coal field in India <i>Nandita D Ganguly</i> | 79 |
| Impact of aerosols from the Asian Continent on the adjoining oceanic environments <i>K Parameswaran, Sandhya K Nair and K Rajeev</i> | 83 |

Number 2

| | |
|--|-----|
| Finite element modelling of elastic intraplate stresses due to heterogeneities in crustal density and mechanical properties for the Jabalpur earthquake region, central India <i>A Manglik, S Thiagarajan, A V Mikhailova and Yu Rebetsky</i> | 103 |
| Relationship between chemical composition and magnetic susceptibility in sediment cores from Central Indian Ocean Basin <i>J N Pattan, G Parthiban, V K Banakar, A Tomer and M Kulkarni</i> | 113 |
| Evaluation of coal bed methane potential of coal seams of Sawang Colliery, Jharkhand, India <i>Anil M Pophare, Vinod A Mendhe and A Varade</i> | 121 |
| Integrated approach for identification of potential groundwater zones in Seethanagaram Mandal of Vizianagaram District, Andhra Pradesh, India <i>N C Mondal, S N Das and V S Singh</i> | 133 |
| An application of artificial intelligence for rainfall–runoff modeling <i>Ali Ayttek, M Asce and Murat Alp</i> | 145 |
| A Statistical Cyclone Intensity Prediction (SCIP) model for the Bay of Bengal <i>S D Kotal, S K Roy Bhowmik, P K Kundu and Ananda Kumar Das</i> | 157 |
| North Indian Ocean warming and sea level rise in an OGCM <i>Bijoy Thompson, C Gnanaseelan, Anant Parekh and P S Salvekar</i> | 169 |

Number 3

| | |
|---|-----|
| Editorial | 179 |
| Active fault traces along Bhuj Fault and Katrol Hill Fault, and trenching survey at Wandhay, Kachchh, Gujarat, India <i>Michio Morino, Javed N Malik, Prashant Mishra, Chandrashekhar Bhuiyan and Fumio Kaneko</i> | 181 |
| Magnetotelluric investigations for imaging electrical structure of Garhwal Himalayan corridor, Uttarakhand, India <i>M Israil, D K Tyagi, P K Gupta and Sri Niwas</i> | 189 |
| Paleosol at the Archean–Proterozoic contact in NW India revisited – Evidence for oxidizing conditions during paleo-weathering? <i>Manoj K Pandit, Helga de Wall and Narendra K Chauhan</i> | 201 |

| | |
|---|-----|
| Seasonal variation in biomass and species composition of seaweeds stranded along Port Okha, northwest coast of India <i>Mukund C Thakur, C R K Reddy and Bhavanath Jha</i> | 211 |
| Observations of unusual whistlers during daytime at Jammu <i>K K Singh, R P Patel, J Singh, B Kumar, A K Singh, R P Singh, B L Koul and Lalmani</i> | 219 |
| On the impact of temperature on tropospheric ozone concentration levels in urban environments <i>E Stathopoulou, G Mihalakakou, M Santamouris and H S Bagiorgas</i> | 227 |
| A note on India's water budget and evapotranspiration <i>T N Narasimhan</i> | 237 |

Number S1

Special issue: Integrated Campaign for Aerosols, gases and Radiation Budget (ICARB)

| | |
|--|-----|
| Preface <i>K Krishna Moorthy</i> | 241 |
| Integrated Campaign for Aerosols, gases and Radiation Budget (ICARB): An overview <i>K Krishna Moorthy, S K Satheesh, S Suresh Babu and C B S Dutt</i> | 243 |
| Aircraft measurements of aerosol black carbon from a coastal location in the north-east part of peninsular India during ICARB <i>S Suresh Babu, S K Satheesh, K Krishna Moorthy, C B S Dutt, Vijayakumar S Nair, Denny P Alappattu and P K Kunhikrishnan</i> | 263 |
| Airborne measurements of submicron aerosols across the coastline at Bhubaneswar during ICARB <i>P Murugavel, V Gopalakrishnan, Vimlesh Pant and A K Kamra</i> | 273 |
| On the marine atmospheric boundary layer characteristics over Bay of Bengal and Arabian Sea during the Integrated Campaign for Aerosols, gases and Radiation Budget (ICARB) <i>Denny P Alappattu, D Bala Subrahmanyam, P K Kunhikrishnan, K M Somayaji, G S Bhat, R Venkatesan, C B S Dutt, A Bagavath Singh, V K Soni and A S Tripathi</i> | 281 |

| | |
|---|-----|
| Lidar observation of aerosol stratification in the lower troposphere over Pune during pre-monsoon season of 2006 <i>P Ernest Raj, S K Saha, S M Sonbawne, S M Deshpande, P C S Devara, Y Jaya Rao, K K Dani and G Pandithurai</i> | 293 |
| Characteristics of spectral aerosol optical depths over India during ICARB <i>S Naseema Beegum, K Krishna Moorthy, Vijayakumar S Nair, S Suresh Babu, S K Satheesh, V Vinoj, R Ramakrishna Reddy, K Rama Gopal, K V S Badarinath, K Niranjana, Santosh Kumar Pandey, M Behera, A Jeyaram, P K Bhuyan, M M Gogoi, Sacchidanand Singh, P Pant, U C Dumka, Yogesh Kant, J C Kuniyal and Darshan Singh</i> | 303 |
| Size segregated aerosol mass concentration measurements over the Arabian Sea during ICARB <i>Vijayakumar S Nair, K Krishna Moorthy, S Suresh Babu, K Narasimhulu, L Siva Sankara Reddy, R Ramakrishna Reddy, K Rama Gopal, V Sreekanth, B L Madhavan and K Niranjana</i> | 315 |
| Chemical characteristics of aerosols in MABL of Bay of Bengal and Arabian Sea during spring inter-monsoon: A comparative study <i>Ashwini Kumar, A K Sudheer and M M Sarin</i> | 325 |
| Aerosol mass loading over the marine environment of Arabian Sea during ICARB: Sea-salt and non-sea-salt components <i>Susan K George and Prabha R Nair</i> | 333 |
| Chemical characteristics of PM ₁₀ aerosols and airmass trajectories over Bay of Bengal and Arabian Sea during ICARB <i>L A K Reddy, U C Kulshrestha, J Satyanarayana, Monika J Kulshrestha and K Krishna Moorthy</i> | 345 |
| Influence of circulation parameters on the AOD variations over the Bay of Bengal during ICARB <i>Marina Aloysius, Mannil Mohan, S Suresh Babu, Vijayakumar S Nair, K Parameswaran and K Krishna Moorthy</i> | 353 |
| Analysis of marine aerosol optical depth retrieved from IRS-P4 OCM sensor and comparison with the aerosol derived from SeaWiFS and MODIS sensor <i>A K Mishra, V K Dadhwal and C B S Dutt</i> | 361 |
| Latitudinal and longitudinal variation in aerosol characteristics from Sun photometer and MODIS over the Bay of Bengal and Arabian Sea during ICARB <i>Sumita Kedia and S Ramachandran</i> | 375 |

| | |
|---|-----|
| Aerosol characteristics at a remote island: Minicoy in southern Arabian Sea <i>V Vinoj, S K Satheesh and K Krishna Moorthy</i> | 389 |
| Physical and optical characteristics of atmospheric aerosols during ICARB at Manora Peak, Nainital: A sparsely inhabited, high-altitude location in the Himalayas <i>U C Dumka, K Krishna Moorthy, P Pant, P Hegde, Ram Sagar and K Pandey</i> | 399 |
| Aerosol characteristics at Patiala during ICARB–2006 <i>Manjit Singh, Darshan Singh and P Pant</i> | 407 |
| Studies on aerosol properties during ICARB–2006 campaign period at Hyderabad, India using ground-based measurements and satellite data <i>K V S Badarinath and Shailesh Kumar Kharol</i> | 413 |
| Temporal characteristics of aerosol physical properties at Visakhapatnam on the east coast of India during ICARB – Signatures of transport onto Bay of Bengal <i>K Niranjana, V Sreekanth, B L Madhavan, T Anjana Devi and B Spandana</i> | 421 |
| Number 4 | |
| Role of biology in the air–sea carbon flux in the Bay of Bengal and Arabian Sea <i>M K Sharada, P S Swathi, K S Yajnik and C Kalyani Devasena</i> | 429 |
| Spatial distribution of atmospheric carbon monoxide over Bay of Bengal and Arabian Sea: Measurements during pre-monsoon period of 2006 <i>V R Aneesh, G Mohankumar and S Sampath</i> | 449 |
| Wind speed prediction using statistical regression and neural network <i>Makarand A Kulkarni, Sunil Patil, G V Rama and P N Sen</i> | 457 |
| Dependence of thermal conductivity of snow on microstructure <i>P K Satyawali and A K Singh</i> | 465 |
| Simultaneous transport of water and solutes under transient unsaturated flow conditions – A case study <i>B K Purandara, N Varadarajan and B Venkatesh</i> | 477 |
| Migration of the Ganga river and its implication on hydro-geological potential of Varanasi area, U.P., India <i>U K Shukla and N Janardhana Raju</i> | 489 |

| | |
|--|-----|
| Pattern of sedimentation during the Late Paleozoic, Gondwanaland glaciation: An example from the Talchir Formation, Satpura Gondwana basin, central India <i>Chandan Chakraborty and Sanjoy Kumar Ghosh</i> | 499 |
|--|-----|

| | |
|--|-----|
| Indicator minerals as guides to base metal sulphide mineralisation in Betul Belt, central India <i>Biswajit Ghosh and M N Praveen</i> | 521 |
|--|-----|

Number 5

| | |
|---|-----|
| The High Deccan duricrusts of India and their significance for the 'laterite' issue <i>Cliff D Ollier and Hetu C Sheth</i> | 537 |
|---|-----|

| | |
|---|-----|
| Comparing groundwater recharge and base flow in the Bukmoongol small-forested watershed, Korea <i>E A Combalicer, S H Lee, S Ahn, D Y Kim and S Im</i> | 553 |
|---|-----|

| | |
|--|-----|
| Surface energy balance of seasonal snow cover for snow-melt estimation in N–W Himalaya <i>Prem Datt, P K Srivastava, P S Negi and P K Satyawali</i> | 567 |
|--|-----|

| | |
|---|-----|
| Mountain range specific analog weather forecast model for northwest Himalaya in India <i>D Singh and A Ganju</i> | 575 |
|---|-----|

| | |
|--|-----|
| The WRF model performance for the simulation of heavy precipitating events over Ahmedabad during August 2006 <i>S K Deb, T P Srivastava and C M Kishtawal</i> | 589 |
|--|-----|

| | |
|---|-----|
| Skills of different mesoscale models over Indian region during monsoon season: Forecast errors <i>Someshwar Das, Raghavendra Ashrit, Gopal Raman Iyengar, Saji Mohandas, M Das Gupta, John P George, E N Rajagopal and Surya Kanti Dutta</i> | 603 |
|---|-----|

| | |
|--|-----|
| Variational method for objective analysis of scalar variable and its derivative <i>S G Narkhedkar and S K Sinha</i> | 621 |
|--|-----|

| | |
|--|-----|
| Tree-ring analysis of teak (<i>Tectona grandis</i> L.F.) in central India and its relationship with rainfall and moisture index <i>Somaru Ram, H P Borgaonkar and A B Sikder</i> | 637 |
|--|-----|

Number S2

Special issue on: Seismic Microzonation

| | |
|---|-----|
| Preface | 647 |
| Seismic hazard scenario and attenuation model of the Garhwal Himalaya using near-field synthesis from weak motion seismometry <i>Sankar Kumar Nath, Khemraj Shukla and Madhav Vyas</i> | 649 |
| Uncertainties in the estimation of M_{\max} <i>Girish C Joshi and Mukat Lal Sharma</i> | 671 |
| Modeling and synthesis of strong ground motion <i>S T G Raghv Kanth</i> | 683 |
| Spatial-temporal variability of seismic hazard in peninsular India <i>Kishor Jaiswal and Ravi Sinha</i> | 707 |
| Dynamic soil properties for microzonation of Delhi, India <i>C Hanumantharao and G V Ramana</i> | 719 |
| Importance of quantification of local site effects based on wave propagation in seismic microzonation <i>S Kumar and J P Narayan</i> | 731 |
| A technical note on seismic microzonation in the central United States <i>Zhenming Wang</i> | 749 |
| Site response zones and short-period earthquake ground motion projections for the Las Vegas Basin <i>Barbara Luke and Ying Liu</i> | 757 |
| Site response of the Ganges Basin inferred from re-evaluated macroseismic observations from the 1897 Shillong, 1905 Kangra, and 1934 Nepal earthquakes <i>Susan E Hough and Roger Bilham</i> | 773 |
| Considerations on seismic microzonation in areas with two-dimensional hills <i>Mohsen Kamalian, Abdollah Sohrabi-Bidar, Arash Razmkhah, Amirata Taghavi and Iraj Rahmani</i> | 783 |

| | |
|---|-----|
| Preliminary results for a semi-automated quantification of site effects using geomorphometry and ASTER satellite data for Mozambique, Pakistan and Turkey <i>Alan Yong, Susan E Hough, Michael J Abrams and Christopher J Wills</i> | 797 |
| Earthquake hazard in Northeast India – A seismic microzonation approach with typical case studies from Sikkim Himalaya and Guwahati city <i>Sankar Kumar Nath, Kiran Kumar Singh Thingbaijam and Abhishek Raj</i> | 809 |
| Seismic microzonation of Bangalore, India <i>P Anbazhagan and T G Sitharam</i> | 833 |
| Seismic hazard assessment of Chennai city considering local site effects <i>A Boominathan, G R Dodagoudar, A Suganthi and R Uma Maheswari</i> | 853 |
| Proposed seismic hazard maps of Sumatra and Java islands and microzonation study of Jakarta city, Indonesia <i>Masyhur Irsyam, Donny T Dangkoa, Hendriyawan, Drajat Hoedajanto, Bigman M Hutapea, Engkon K Kertapati, Teddy Boen and Mark D Petersen</i> | 865 |
| Relative seismic shaking vulnerability microzonation using an adaptation of the Nakamura horizontal to vertical spectral ratio method <i>Michael L Turnbull</i> | 879 |
| Number 6 | |
| Urban effects of Chennai on sea breeze induced convection and precipitation <i>Matthew Simpson, Sethu Raman, R Suresh and U C Mohanty</i> | 897 |
| On the measurement of the surface energy budget over a land surface during the summer monsoon <i>G S Bhat and S C Arunchandra</i> | 911 |
| Estimation of urban mixed layer height in Zanzibar using LIDAR observations and numerical modeling <i>A A Bidokhti, M Khoshshima, S Sabetghadam and H M Khalesifard</i> | 925 |
| Anaerobic oxidation of methane in coastal sediment from Guishan Island (Pearl River Estuary), South China Sea <i>Zijun Wu, Huaiyang Zhou, Xiaotong Peng, Nan Jia, Yuhong Wang and Linxi Yuan</i> | 935 |
| Longitudinal dispersion with time-dependent source concentration in semi-infinite aquifer <i>Mritunjay Kumar Singh, Nav Kumar Mahato and Premlata Singh</i> | 945 |

| | |
|---|-----|
| Wave propagation in thermoelastic saturated porous medium <i>M D Sharma</i> | 951 |
| Uplift along the western margin of the Deccan Basalt Province: Is there any geomorphometric evidence? <i>Vishwas S Kale and Nikhil Shejwalkar</i> | 959 |
| Comments on 'A comparative study of ANN and neuro-fuzzy for the prediction of dynamic constant of rockmass' by T N Singh, R Kanchan, A K Verma and K Saigal <i>Tarkan Erdik and Zekai Şen</i> | 973 |
| Reply to the comments by Tarkan Erdik and Zekai Şen on 'A comparative study of ANN and neuro-fuzzy for the prediction of dynamic constant of rockmass' <i>T N Singh, R Kanchan, A K Verma and K Saigal</i> | 975 |
