In page 448, under §2.1 Warren–Averbach method, after equation (1), the sentence starting with “Then the domain size was estimated from the size coefficients,  $A_L^S$ , for multiple order reflections (110) and (200)” should be read as “Then the domain size was estimated from the size coefficients,  $A_L^S$ , for multiple order reflections (110) and (220)”.
