

## Errata

### Chiral *trans*-1,2-diaminocyclohexane derivatives as chiral solvating agents for carboxylic acids

MARIAPPAN PERIASAMY\*, MANASI DALAI and MEDURI PADMAJA

*Journal of Chemical Sciences*, Vol. 122, No. 4, July 2010, pp. 561–569

1. The configuration of the receptor amines **3** and **4** at lower right corner to be corrected as (*R,R*) in pp. 562, figure 1 and pp. 564, eq. 2, 3 as given below.

2. Total molar conc. (mM) in pp. 565, table 2, entry 1 and pp.566, column 1, line 2 should be read as 2.5 instead of 0.0025.
