

Journal of Genetics Online Resources

September – December 2011

- Sun D.-Q., Zhang B., Xu T.-J. and Wang R.-X. 2011 Fourteen polymorphic microsatellite markers isolated from big-head croaker (*Collichthys lucidus*). *J. Genet.* **90**, e79–e81. Online only: <http://www.ias.ac.in/jgenet/OnlineResources/90/e79.pdf>
- Tanya P., Dachapak S., Tar M. M. and Srinives P. 2011 New microsatellite markers classifying nontoxic and toxic *Jatropha curcas*. *J. Genet.* **90**, e76–e78. Online only: <http://www.ias.ac.in/jgenet/OnlineResources/90/e76.pdf>
- Mukesh and Sathyakumar S. 2011 Eighteen polymorphic microsatellites for domestic pigeon *Columba livia* var. *domestica* developed by cross species amplification of chicken markers. *J. Genet.* **90**, e86–e89. Online only: <http://www.ias.ac.in/jgenet/OnlineResources/90/e86.pdf>
- Li M., Wang X. M., Jiang W. B., Hua P. Y. and Wang Z. H. 2011 Isolation and characterization of fifteen microsatellite loci in the Tibetan fox (*Vulpes ferrilata*). *J. Genet.* **90**, e82–e85. Online only: <http://www.ias.ac.in/jgenet/OnlineResources/90/e82.pdf>
- Arcellona A. E. S., Guzman R. M. S. and Fontanilla I. K. C. 2011 Distribution of MN blood group types in local populations in Philippines. *J. Genet.* **90**, e90–e93. Online only: <http://www.ias.ac.in/jgenet/OnlineResources/90/e90.pdf>
- Borah P. K., Shankarishan P., Ahmed G. and Mahanta J. 2011 Polymorphism of angiotensin converting enzyme (insertion/deletion) and endothelial nitric oxide synthase (intron 4ab) genes in a population from northeast India. *J. Genet.* **90**, e105–e109. Online only: <http://www.ias.ac.in/jgenet/OnlineResources/90/e105.pdf>
- Bharadwaj C., Srivastava R., Chauhan S. K., Satyavathi C. T., Kumar J., Faruqui A., Yadav S., Rizvi A. H. and Kumar T. 2011 Molecular diversity and phylogeny in geographical collection of chickpea (*Cicer* sp.) accessions. *J. Genet.* **90**, e94–e100. Online only: <http://www.ias.ac.in/jgenet/OnlineResources/90/e94.pdf>
- Ling L. P., Adibah A. B., Tan S. G., Christianus A. and Faridah Q. Z. 2011 Isolation by the 5' anchored PCR technique and characterization of eighteen microsatellite loci in the horseshoe crab (*Tachypleus gigas*). *J. Genet.* **90**, e101–e104. Online only: <http://www.ias.ac.in/jgenet/OnlineResources/90/e101.pdf>
- Sun D. Q., Xu T. J. and Wang R. X. 2011 Characterization of microsatellites in white croaker (*Pennahia argentata*) through cross species amplification of *Miichthys miiuy*. *J. Genet.* **90**, e110–e113. Online only: <http://www.ias.ac.in/jgenet/OnlineResources/90/e110.pdf>
- Ríos-González B. E., Luévano-Ortega K. E., Saldaña-Cruz A. M., González-García J. R. and Magaña-Torres M. T. 2011 Polymorphisms of seven genes involved in lipid metabolism in an unselected Mexican population. *J. Genet.* **90**, e114–e119. Online only: <http://www.ias.ac.in/jgenet/OnlineResources/90/e114.pdf>
