GENERAL ARTICLES

10 The Work of Lagrange in Number Theory and Algebra
D P Patil, C R Pranesachar and Renuka Ravindran

26 Metathesis: A “Change-Your-Partners” Dance
Chemistry Nobel Prize – 2005
K Sivapriya and S Chandrasekaran

33 Plant–Fungus Marriages
Ramesh Maheshwari

45 General Theory of Relativity – The Power of Speculative Thought
A Banerjee

56 Aryabhata and Axial Rotation of Earth
Naksatra Dina (The Sidereal Day)
Amartya Kumar Dutta

75 Medicinal Uses of Inorganic Compounds – 1
B S Sekhon and Leena Gandhi
The illustration shows a dramatic consequence of the General Theory of Relativity, the bending of light by a gravitational field ('gravitational lensing'). See also p.7 and pp.45-55 for more details.
