Karnataka Regional Mathematical Olympiad 2007

Objectives and Structure: The principal objectives are to identify and nurture students with special talent in Mathematics. About 30 of the top performers in KRMO are selected for participation in the INMO (Indian National Mathematical Olympiad). About 30 of the top performers in INMO are awarded a certificate of merit. Further, they are eligible to attend a training and selection camp (IMOTC) in May and six students to represent India in the IMO (International Mathematical Olympiad) are chosen. The IMO is a prestigious contest held every year in a different country.

Date and Time: October 7 (Sunday) 2007 from 2.00 PM to 5.00 PM.

Eligibility: Students of I/II P.U.C. or of class XI/XII with Mathematics as one of the subjects of study are eligible to participate. However, exceptionally talented students of class IX or X can also appear.

How to register: An interested candidate should register through the Head of her/his institution. Each candidate is charged a registration fee of Rs. 75/- (Rupees seventy five only). The candidate may select one of the centres mentioned in the list here. The Head of the institution is expected to pass on the registration fees – in the form of a single crossed DD favouring “B.Sury, RC (MO) Karnataka” payable at Bangalore – and the list of students registering from her/his institution along with the centres chosen.

Last date for Registration : 19.09.2007
