Masterclass Series

Published by Indian Academy of Sciences, Bangalore

From time to time, the Indian Academy of Sciences publishes the Masterclass Series of e-Books. The Masterclass Series brings together pedagogical articles on single broad topics compiled from Resonance, the Journal of Science Education. Primarily directed at students and teachers at the undergraduate level, the e-Books are meant to act as useful sources of instruction that is not always available in textbooks.

The following Masterclass Series of eBooks are available for free download at:

<https://www.ias.ac.in/Publications/e-Books/>

- Organic Chemistry Masterclasses
- Linear Algebra and Analysis Masterclasses
- Number Theory and Combinatorics
- A Miscellany of Mathematical Physics
- On Physics, Physicists and Philosophy
- From So Simple A Beginning:
The Expansion Of Evolutionary Thought
- Great Experiments in Physics
