Resonance Conference: Celebrating 25 Years of Resonance

Resonance: Journal of Science Education is organizing an online lecture programme during August 02–06, 2021.

The event consists of talks on diverse aspects of science and mathematics by some eminent scientists, and is organized in collaboration with the Indian Institutes of Science Education and Research at Trivandrum and at Mohali.

The lectures on the first two days are aimed at high school students and those on the next three days address undergraduate level students.

Students may register for participation by filling the application forms provided on the webpage of the journal where a detailed programme also appears.
