Author Index

Abbas I A
A two-dimensional problem for a fibre-reinforced anisotropic thermoelastic half-space with energy dissipation 411

Akman I
see Koyuncu M 317

Alku P
Glottal inverse filtering analysis of human voice production — A review of estimation and parameterization methods of the glottal excitation and their applications 623

Aneesh K
see Prasad Y B S R 349

Ankamma K
see Prasad N E 223

Atintay E
see Yilmaz S 17

Aval H J
see Yazdipour A R 505

Balu A S
see Rao B N 463

Barnwal S
see Prasad Y B S R 349

Bhaduri S
see Nandi A 87

Bhasin V
see Sharma K 181

Bhaskararao P
Salient phonetic features of Indian languages in speech technology 587

Bhattacharyya D
see Gaur A 339

Bourlard H
Current trends in multilingual speech processing 885

Çalıoğlu H
Stress analysis in a functionally graded disc under mechanical loads and a steady state temperature distribution 53

Cetinkaya N
see Yilmaz S 17

Chatla S
see Vaidya A 441

Chen X
see Zhou J 357

Chitra P
Comparison of evolutionary computation algorithms for solving bi-objective task scheduling problem on heterogeneous distributed computing systems 167

D’Alessandro C
Glottal closure instant and voice source analysis using time-scale lines of maximum amplitude 601

Das S K
Application of a stochastic modelling framework to characterize the influence of different oxide scales on the solid particle erosion behaviour of boiler grade steel 425

Dasgupta B
see Mehta V K 977

Dash S
see Kumar N 251

Deb S K
see Gaur A 339

Demir F
see Korkmaz K A 267

Dey J
An extension of Mangler transformation to a 3-D problem 971

Dileep P N
A theoretical approach for the assessment of intralaminar fracture mode and toughness of multilayered composites 65

Dines J
see Bourlard H 885

Ehrampoosh S
see Niknam T 293

Erdonmez C
A finite element model for independent wire rope core with double helical geometry subjected to axial loads 995

Fard E T
see Niknam T 293

Fnides B
Application of response surface methodology for determining cutting force model in turning hardened AISI H11 hot work tool steel 109
Gangashetty S V
  see Yegnanarayana B 651
Garner P N
  see Bourlard H 885
Gaur A
  On the method of calibration of the energy dispersive EXAFS beamline at Indus-2 and fitting theoretical model to the EXAFS spectrum 339
Gaur D C
  see Gaur A 339
Gharchapetian G B
  see Nafar M 941
Ghosh A K
  see Sharma K 181
Ghosh P K
  Auditory-like filterbank: An optimal speech processor for efficient human speech communication 699
Ghouse M D
  see Rao B N 35
Goldstein L M
  see Ghosh P K 699
Gostimirovic M
  An inverse heat transfer problem for optimization of the thermal process in machining 489
Gupta P D
  see Prasad Y B S R 349
Hawkins S
  Phonetic perspectives on modelling information in the speech signal 555
Hermansky H
  Speech recognition from spectral dynamics 729
Husem M
  A calculation method of cracking moment for the high strength concrete beams under pure torsion 1
Imrak C E
  see Erdonmez C 995
Imseng D
  see Bourlard H 885
Injaganeri S S
  see Rao G A 393
Iyengar N G R
  Optimum design of laminated composite under axial compressive load 73
Jha S N
  see Gaur A 339
Johari A
  see Gaur A 339
Kadam S
  see Vaidya A 441
Kan X
  see Zhou J 357
Kaplan H
  see Yilmaz S 17
Kawahara H
  Technical foundations of TANDEM-STRAIGHT, a speech analysis, modification and synthesis framework 713
King S
  An introduction to statistical parametric speech synthesis 837
Kohli A
  Optimization of processing parameters in induction hardening using response surface methodology 141
Kolluru D
  see Vaidya A 441
Komaraiah M
  see Prasad N E 223
Korkmaz K A
  Uncertainty modelling of critical column buckling for reinforced concrete buildings 267
Kovac P
  see Gostimirovic M 489
Koyuncu M
  An inheritance complexity metric for object-oriented code: A cognitive approach 317
Kumar N
  Melt pool vorticity in deep penetration laser material welding 251
Kumar R R
  see Dileep P N 65
Lavanya A
  Enhancing security of DICOM images during storage and transmission in distributed environment 515
Liang H
  see Bourlard H 885
Mabrouki T
  see Fnides B 109
Magimai-Doss M
  see Bourlard H 885
